2018 SEMANA BLANCA EcoCientífico-CAMP

SPARK YOUR IMAGINATION!

TRANSFORMING MINDS

ENGINEER COOL OBJECTS!

HANDS-ON ACTIVITIES!

Horario y Tarifas

Turno de 8:00h a 15:00h

Las familias pueden dejar a los participantes entre las 8:00h y las 9:00h/9:15h y recogerlos entre las 14:00h y las 15:00h.

Precio: 65€ / semana

(No disponible días sueltos)

Descuento: 10% hermanos (aplicable desde el primero).
10% por el participante "fiel", si repite.

Periodos de Inscripción

SEMANA BLANCA

THE SCIENTIST IN ME

#1

SUMMARY

The children will learn about different science careers. Every day they will pretend to be a certain kind of scientist and learn related science concepts.

PROGRAM DETAILS

DAY 1 - THE DOCTOR IN ME

Within the medical sciences, there are different types of doctors. The children will have an overview over some facts about the human body.

	4-6	7-11
Workshops	Nutrition	Germes Everywhere
Cool Inventions	Lungs	Creams
Scienceful Art	Joints	DNA

DAY 2 - THE ENGINEER IN ME

The children will learn some engineering sciences to help them build some cool projects.

	4-6	7-11
Workshops	Awesome Smoke Signals	Levers and Balance
Cool Inventions	Dump Truck	Suspension bridge
Scienceful Art	Engineering Shapes Art	Roman Arch

DAY 3 - THE ASTRONAUT IN ME

Space sciences are so cool and it will be so cool for the children to pretend they are astronauts for one day in order to learn more about space.

	4-6	7-11
Workshops	Mr. Sun and Mr. Moon	Trips to Planet #2
Cool Inventions	Sun and Earth Model	Stardust Satellite
Scienceful Art	Artistic Telescope	Rocket

DAY 4 - THE PHYSICIST IN ME

Physics is all around us and children will get to learn interesting physics facts that they can relate to in their everyday life.

	4-6	7-11
Workshops	Dry Ice	Energy, Electr. & VDG
Cool Inventions	Chalk Making	Electroscope
Scienceful Art	States of Matter	Static Electricity Art

DAY 5 - THE ENVIRONMENTAL SCIENT...

As scientists and residents of planet Earth, we should all make it our mission to protect our home and learn about it.

	4-6	7-11
Workshops	Ecology	Climate Change
Cool Inventions	Hairy Berry (planting)	Lungs (Breathing)
Scienceful Art	Photosynthesis	Mosquitos
